Medical Disinfectant Catalogue

ASC-SURF

SURFACE DISINFECTANT AND CLEANER SPRAY

أي أس سي - سيرف
بخاخ مطهر ومنظف للأسطح

Product Description

ASC-SURF Spray Disinfectant is Alcohol-Free Surface Disinfectant and cleaner has been specially formulated for use in the Medical and Dental environment on non-invasive Medical devices. It is safe to use on surfaces sensitive to alcohol and contains detergent for added cleaning power and effective against wide of microorganisms.

Product Feature

- 100% Free from Chlorine, Phenol and Aldehyde.
- Excellent material compatibility. Materials which have been classified as safe include; Stainless Steel, Mild Steel, Aluminium, Copper, Silicon Rubber & HDPE.
- PHMB Free Modern formulation uses zero polyhexamethylene biguanide hydrochloride (PHMB).
- No-color, No-odour, Non-irritant, Non-toxic, Leaves No harmful residu & No Damaging to surface.

Product Composition

Didecyl dimethylammonium chloride (DDAC), N,N-Didecyl-N-methyl-poly(oxyethyl) ammonium propionate, alkyl dimethylbenzylammonium chloride, Corrosion inhibitor & Surfactant.

Product Spectrum

- Bactericidal: Pseudomonas aeruginosa, Staphylococcus aureus, Enterococcus hirae, Salmonella typhimurium, Legionella pneumophila, E-coli, MRSA, VRE.
- Yeastcidal: Candida albicans
- Enveloped Viruses: for HIV, Hepatitis B virus, Hepatitis C virus, Human T Cell Leukemia virus, Measles virus, Hepatitis delta virus (HDV), Influenza virus, Coronavirus (SARS, MERS), Herpesviridae, Filoviridae (Ebola), Rubella virus, Rabies virus, Flavivirus, Poxviridae.
- Tuberculocidal: Mycobacterium avium.
- Mycobactericidal: Mycobacterium terrae.

ASC-SURF⁺

Surface Disinfectant Spray
بخاخ مطهر للأسطح

Product Description

ASC-SURF+ Surface Disinfectant Spray has been specially formulated for use in the Medical and Dental environment. Is effective against a wide spectrum of organisms. ASC-SURF+ is a ready to use, aldehyde & phenol -free, quick disinfectant based on alcohol & it is designed for all surfaces where quick disinfection is required, e.g.:

- Patient beds, bedside tables, treatment chairs, vehicles for patient transport.
- Alcohol resistant surfaces such as bathtubs, toilet seat and transport baskets.
- Alcohol resistant non-invasive medical devices such as thermometers, sphygmomanometer and venous tourniquets.

Product Feature

- 100% Free from Chlorine, Phenol and Aldehyde.
- Excellent material compatibility. Materials which have been classified as safe include; Stainless Steel, Mild Steel, Aluminium, Copper, Silicon Rubber and HDPE.
- PHMB Free Modern formulation uses zero polyhexamethylene biguanide hydrochloride (PHMB).
- No-color, No-odour, Non-irritant, Non-toxic, Leaves

Product Composition

Ethanol, Propan-2-ol, Didecyl dimethylammonium chloride (DDAC), alkyldimethylbenzylammonium chloride, Corrosion inhibitor & Surfactant.

Effective Spectrum

- Bactericidal: Pseudomonas aeruginosa, Staphylococcus aureus, Enterococcus hirae, Salmonella typhimurium, Legionella pneumophila, E-coli, MRSA, VRE.
- Yeastcidal: Candida albicans
- Enveloped Viruses: for HIV, Hepatitis B virus, Hepatitis C virus, Human T Cell Leukemia virus, Measles virus, Hepatitis delta virus (HDV), Influenza virus, Coronavirus (SARS, MERS), Herpesviridae, Filoviridae (Ebola), Rubella virus, Rabies virus, Flavivirus, Poxviridae.
